eauty and history envelop Normandy, from the coast to the rolling pastures and

orchards of its interior, and from ancient Norman strongholds to the site of World War II sacrifices. This land is one that the Vikings coveted, where William the Conqueror ruled England and Samuel de Champlain sailed to the New World. Here the landscape and shifting light inspired Monet, and Monet inspired the world. Experience for yourself this remarkable region steeped in historic landmarks, charming towns and culinary triumphs. Soak up the ambiance while sitting at an outdoor café overlooking the sea or as you walk winding cobblestone streets. Come see — and taste — the delights tucked away in Normandy.

## NORMANDY AND D-DAY

From Viking raiders in the 800s to William the Conqueror in 1066, the beaches of Normandy have been the setting for many historic military campaigns that have altered the course of history. But at no other time did the beaches play a more vital role than on D-Day, when they became the site of the largest military landing in history. On June 6, 1944, a coalition force of some 156,000 soldiers fought their way onto five heavily fortified beaches. More than 5,000 ships and 13,000 aircraft supported them. Catching the German occupiers by surprise, the attack was a success; by day's end the Allies had a foothold in Normandy. But it came at great cost — more than 9,000 soldiers were killed or wounded. As the Allied force began the long march to defeat Hitler, they liberated Norman towns such as Bayeux and Caen. Today, the people here still have an affinity for the United States and Canada, two countries that contributed greatly to the liberation effort.
