Exploring Iceland

11 days from $6,397 total price from Boston, New York, Wash, DC ($6,095 air & land inclusive plus $302 airline taxes and fees)

It’s a surprising, even astonishing land; one of massive glaciers and rumbling volcanoes, bubbling mud holes and powerful waterfalls; hugely abundant bird life and just 340,000 people; and where the sun never sets for six splendid weeks. It’s also perfect for exploring in a small group, as we discover traveling the breadth of the country and getting an up-close view of this natural “wonderland.”

Day 1: Depart U.S. for Reykjavik, Iceland

Day 2: Arrive Reykjavik/Borgarbyggo Upon our early morning arrival in Iceland's capital, we meet our Odysseys Unlimited Tour Director and enjoy a scenic drive north, stopping for breakfast along the way. Then we take an excursion to the thermal areas of Deildartunguhver, site of the country's largest thermal spring, and Hraunfossar Falls, beautiful and unusual cold springs that well up through the lava landscape. We also visit the Settlement Center, an interactive museum detailing the story of Iceland's earliest settlers, including that of famed 10th-century Viking Egil Skallagrimsson. After reaching our hotel mid-afternoon, we have time to relax before this evening's briefing on the journey ahead followed by a welcome dinner. B,D

Day 3: Borgarbyggo/Snaefellsnes Peninsula Today we encounter the stupendous scenery of the Snaefellsnes Peninsula. We begin with a walk along the shell sand beach at the abandoned fishing village of Budir, surrounded by a vast lava field. We also explore the caves and bizarre rock formations along the rugged shore at Arnarstapi, site of thousands of nesting cliff birds. After stopping for lunch – a traditional fresh seafood soup – at a rustic oceanfront restaurant, we visit Djupalonssandur where we see the haunting remains of abandoned coastal farms. B,L,D

Day 4: Borgarbyggo/Siglufjordur We travel towards the northeast corner of Iceland today, through the beautiful Norourardalur Valley. Along the way we stop at Grabrok Crater for scenic views, and at a Gauksmyri farm featuring famed Icelandic horses – small, hardy, and with long manes. We also tour Glaumbaer, a folk museum featuring authentic turf houses. We reach this small fishing village and our hotel in time for dinner there tonight. B,D

Day 5: Siglufjordur/Lake Myvatn/Jokulsargljufur National Park Today we travel to beautiful Lake Myvatn. One of the world's natural wonders, Lake Myvatn and its environs of bubbling mud flats, lava

fields, and lunar-like volcanic craters comprise a stunning national park. Our explorations begin with a stop at Godafoss, the “waterfall of the gods” named for the carvings of Norse gods discarded here when the country was declared Christian a thousand years ago. We continue with a walk to view the fascinating Hverfjall crater, a local landmark. Later we see the region’s unique “pseudo craters,” the boiling mud pots at Namaskard, the bizarre lava formations at Dimmuborgir, the explosive crater at Viti, and the flat volcano system at Krafla. Our last stop is at the incredible Glacial River Canyon National Park (Jökulsárgljúfur), yet another of Iceland’s natural wonders, where we walk to jaw-dropping Dettifoss, Europe’s most powerful waterfall and Iceland’s “Niagara.” After this day of stunning scenery, we arrive at our hotel in time for dinner together tonight. 

Day 6: Lake Myvatn/Husavik This morning we visit Hljodaklettar Echo Cliffs, where we explore the labyrinth of “echoing rocks” created by the spiral basalt formations of the arches and canyons here. We travel next to Asbyrgi, a huge canyon enveloped by towering walls; in the middle of the partially wooded canyon sits a huge hoof-shaped rock called “The Island.” Then continue on to Husavik, where mid-afternoon we embark on a bird-watching cruise to Puffin Island to see the thousands of seabirds here (based on seasonality): puffins, black guillemots, fulmars, and Arctic terns.

Day 7: Lake Myvatn/Reykjavik/Selfoss This morning we fly to Reykjavik; upon arrival we coach to Thingvellir National Park, known both for its historic import and as the place where the fissure between the geological plates of North America and Europe is most evident. It’s also a gem of nature, with canyons, caves, waterfalls, and ponds surrounded by snowcapped mountains. We learn about the historic parliament founded here in 930 ce, and walk along a gorge into the rift valley itself. After a lunch at a local restaurant, we depart for famed Great Geysir and Gullfoss, Iceland’s immensely popular “golden”
waterfall. Then we drive down to the southern coast to the beautiful agricultural area of Selfoss. B,L

Day 8: Selfoss/Vik  This morning we walk along the black-sand beach at Reynisfjara, lined with columnar basalt-filled caves. Next we visit picturesque Seljalandsfoss, Iceland’s most visited waterfall. From here we travel to nearby Skogafoss, one of Iceland’s most popular waterfalls, known for its rainbows on sunny days. After lunch on our own in lovely Vik, Iceland’s southernmost town, we’re free to explore on our own and to shop for items of locally produced wool. En route to our hotel, we stop by the Solheimajokull “sliding” glacier, so named for its rapid advance in the 1990s. B,D

Day 9: Selfoss/Reykjavik  Heading back to Reykjavik today we travel through “saga” country, the setting of one of the country’s famous medieval stories. We stop along the way to see the geothermal exhibit at the Hellisheidi Power Plant, Iceland’s largest. Upon arrival in Reykjavik, we have lunch at a local restaurant then embark on a city tour of the Icelandic capital. Home to more than half of Iceland’s population, Reykjavik ranks as one of the world’s safest and cleanest cities. Later, we check in at our hotel. Dinner tonight is on our own in this stylish city. B,L

Day 10: Reykjavik  Today is at leisure to explore and enjoy Reykjavik as we please; those who wish can join in an optional tour to the Blue Lagoon for a soothing bath in geothermal waters rich with silica, sulfur, and other minerals. The city is a sophisticated European urban center with museums and galleries; theater, symphony, and dance; boutiques and restaurants. Tonight we celebrate our adventure over a farewell dinner. B,D

Day 11: Depart for U.S.  Today we depart for the airport and our return flights to the U.S. B

Meet Your Faculty Lecturer

Professor John Brady, Mary Elizabeth Moses Professor of Geosciences, has taught geology at Smith College since he arrived in 1975 following graduate work at Harvard University. He is enthusiastic about women’s colleges and has one Smith daughter and one Bryn Mawr daughter. Brady has ongoing field projects in Montana and Greece. He is a “hard rock” geologist who tries to develop hands-on, inquiry-based activities for his courses that will help students learn complex concepts. He is taking pedagogical advantage of our electronic world by writing an online textbook about igneous and metamorphic rocks that is designed to emphasize student-active reading. Nevertheless, Brady’s favorite place to teach is outdoors. Outcrops across western Massachusetts provide the classroom and content for his first-year seminar, Geology in the Field. Brady believes that everyone should travel with a geologist if they want to know the underlying story about the places they are visiting.
